# VENUE HIRE

# MUSEUM *of* BRANDS

Where iconic brands meet unforgettable events.

A VENUE UNLIKE ANY OTHER

## ABOUT US

200 years  
of Brand stories,  
under one roof.

Brands carry meaning. They shape who we are. They help make - and are made by - the world around us. Brands live in our hearts and minds. Some command loyalty, like John Lewis and Apple. Some are forgotten, like Wood Milne Rubber Heels. Some reflect a time that now seems shocking or surprising. Consider Craven A cigarettes with their promise, “will not affect your throat”, or Kellogg’s Corn Flakes - promoted after wartime rationing as “deliciously flavoured with malt, sugar and salt.” From 40 years of Star Wars to the Spice Girls and Peppa Pig, every brand tells a story. We’re here to share them with you.
